

# Will your AED be there when you need it?

## Secure and Protect your lifesaving AED's with our alarmed, Indoor AED Metal Wall Cabinet\*

- Toughened durable glass door.
- Compatible with most AED models.
- Alarm sounds when opened. Lockable.
- Quick release push-button.
- Fixed shelf for added storage.
- Wall mountable.

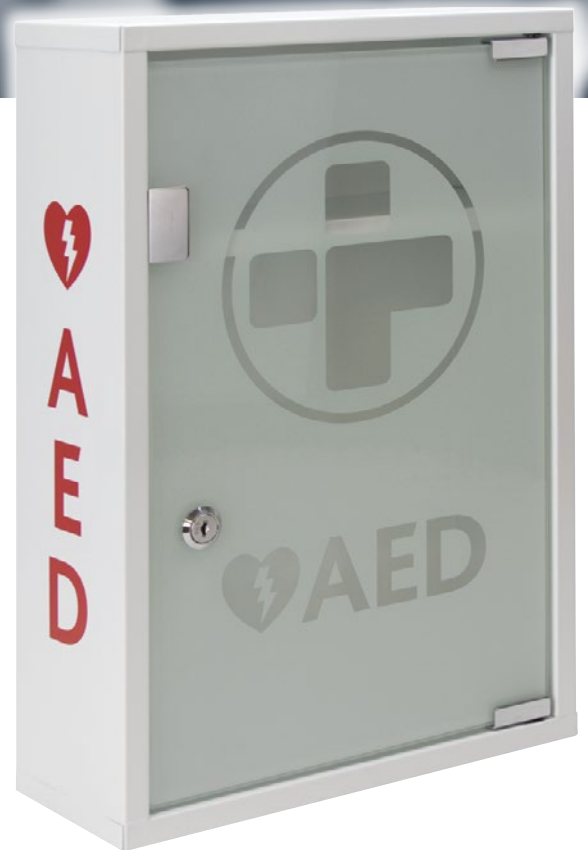

AED indoor wall cabinet sounds an alarm instantly, once the door has been opened. The alarm alerts people in the vicinity of the emergency, improves security and acts as a deterrent against unnecessary tampering. The quick release push-button allows quick access in an emergency, for extra security you can lock the cabinet with the keys provided.

The cabinet is constructed from a white powder coated metal, with a stone enameled finish and toughened glass door for durability and visibility.

Secure your vital AED's, provide rapid access, maintain in dry, dust-free conditions and be ready for an emergency with the AED indoor wall cabinet.
