1002759

Product Type

Eye and Face Protection

Range

Goggles

Line

Vistamax

Brand

Honeywell

Brand formerly known as

PULSAFE

Industry

- Industry
- Administration
- Foundry
- Laboratory
- Petro-chemical

Product Use

High Performance anti-fog goggles, suitable for most very humid environments

No vent frame gives excellent protection against large and fine dust particles as well as droplets of liquids

Features & Benefits

Feature

The anti-fog performer - its high tech styling allows the goggle to breathe through its unique anti-fog twin lens system and thermal bridge with aluminium condenser.

Benefit

Known for its innovative anti-fog twin lens system, and the ability to be worn over prescription spectacles. Ideal for very humid atmospheres. Front lens is in acetate for resistance to scratches and chemical products while the rear lens is in polycarbonate for impact resistance.
